

FRAENKLE ANXIOUS TO ROLL AGAINST MERRITT

Match, If Arranged, Would Be the Event of the Season on Local Alleys—Scores of Last Night's Games.

George Fraenkle would like to arrange another match with Merritt, the "Chicago Cyclone," with whom he had a very interesting series of games two years ago, when Merritt was in New York on a visit.

Merritt, who has recently moved to this city, was one of the Chicago crack-jacks, and has a large following that will back him in his bid for the world's champion. If a series of games is arranged they will pack all available space about the alleys that they roll on. Both are now at the top of their game, and a contest to decide the supremacy will be a treat to Greater New York bowlers.
